The background of the entire page is an artistic composition featuring watercolor splashes in various shades of blue and teal on a light-colored paper. Two paintbrushes with dark handles and silver ferrules are positioned diagonally on the right side. In the bottom left corner, there is a white palette with several compartments containing different shades of blue paint, with a paintbrush resting in one of them. The central text is overlaid on a white rectangular area.

Every effort is made to achieve accurate reproduction of products in this brochure; however, printing limitations can be misleading. Selection of products should be made from actual samples. Samples are small pieces cut from standard tiles. They only give a general indication of the design. Tone and shading can vary slightly from batch to batch, and it is not possible to guarantee that the sample will exactly match the material supplied. The policy of the Company is one of continuous development and improvement and the right is reserved to add or delete from the range or change patterns without prior notification. For warranty details please refer to the Amtico website or the Uniquely Amtico brochure.
