Amtico Form is a complete collection of distinctive flooring, perfect for the way you live today.

The hard-working, 0.7mm wear layer not only gives this flooring long-lasting protection, but the heavy embossing gives it an authentic, distressed appearance. By replicating the natural grain and knots of real wood, the natural wood grain emboss will add charm and intrigue to your space.

Featuring striking texture and deep embossing, Amtico Form oozes charm and character. If you’re looking for the appearance of real wood or stone, then this is the collection for you. This durable flooring is easy to maintain and is warm and comfortable underfoot, making it the perfect choice for modern living.
Textured flooring always works well with a classic laying pattern such as Stripwood.

Amtico Form Artisan Embossed Wood has a charming and authentic appearance thanks to its hand-crafted grooves. Each wood in this collection has an inherent uniqueness which is enhanced by the distressed texture. This hard-wearing flooring is built to last and its ever-appealing nature is full of life and character.

Artisan Embossed Wood is a timeless classic.

Every effort is made to achieve accurate reproduction of products in this brochure; however, printing limitations can be misleading. Selection of products should be made from actual samples. Samples are small pieces cut from standard tiles. They only give a general indication of the design. Tone and shading can vary slightly from batch to batch, and it is not possible to guarantee that the sample will exactly match the material supplied. The policy of the Company is one of continuous development and improvement and the right is reserved to add or delete from the range or change patterns without prior notification.

The warranty means that in the event of 'wear-out' from normal foot traffic, the floor will be repaired free of charge. Wear-out means the removal of the pattern and colour from the Amtico floor caused by the removal of the protective wear layer. Damage caused by stains, spillages, burns, scratches, indentations, floods and any other accidents or abuse, as well as any reduction in the surface gloss due to normal wear and tear, is excluded from the guarantee.
